

FISE UNITED SPACE SCHOOL PROGRAM 2017

When does the program run in 2017?

July 23-August 7, 2016 in Houston, Texas

Who can apply?

Western Canadian high school students who will be 15-19 years of age on July 23, 2017.

Why would someone apply?

The United Space School is designed for students who are interested in pursuing a career in the aerospace industry. This can come from many different angles such as: engineering, medicine, geology, law, and astrophysics. The chosen student will create a manned mission to Mars with other students their age from countries around the world and will be billeted with individuals who work in the aerospace industry. This experience will give them a leg up on their resume, as well as the life experience to know whether this is the right career path for them!

How can I be a successful candidate?

The interview committee is looking for someone who excels academically, shows leadership within their community, works well as part of a team, is enthusiastic about the field, has great public speaking skills, and values multiculturalism. The 500 word essay should also demonstrate your knowledge of the space industry.

When is the application deadline?

All applications must be received by January 8th 2016. Please email them to Lauren Maillet, Guest Services and Marketing Manager at info@thehangarmuseum.ca
